

# AutoPilot: The hands-off approach to rapid and risk-free growth

AgentSync AutoPilot partners with rapidly growing agencies to streamline compliance management and scale quickly.

## AgentSync AutoPilot for Agencies

Managing insurance compliance can be frustrating, labor intensive, and expensive. That's only exacerbated when scaling your business. With more producers to onboard and license, navigating state compliance nuances and ensuring both accuracy and timeliness of fulfilling licenses can take armies of people. Data accuracy issues and licensing backlogs are inevitable.

AgentSync's best-in-class technology was built to solve just this problem.

With AutoPilot, our industry experts leverage our technology to build a compliance strategy uniquely tailored to each customer. However you're expanding your business — within existing states, into new states, adding new lines of business, or with seasonal producer onboarding and offboarding — AutoPilot enables rapid growth while eliminating licensing and compliance related complexity, expense, and risk.

- ✓ **Quick onboarding and licensing**  
End-to-end producer onboarding and license processing in under a day on average.
- ✓ **Unparalleled partnership**  
Our experts are an extension of your team and will respond in under 24 hours (with an average response time of 3 hours).
- ✓ **Risk-free compliance**  
We're so confident in our people and technology that we guarantee our accuracy. If we make a mistake, we'll pay!
- ✓ **Unbeatable pricing**  
With the automation and efficiencies that our tech brings, AutoPilot is cost-efficient and cost transparent.

## Features

### Transparent data & reporting

Our always-on reports and dashboards provide clear line-of-sight to your regulatory status. Drop them into your executive presentations or pass along to internal stakeholders.

### Strategic automations

Send automated reminders to producers when they need to submit background checks, documentation, provide proof of citizenship, or complete continuing education courses.

### Background checks

We can set up seamless integrations with most background check providers to streamline background check processes, further increasing speed to sales by eliminating swivel chair system logins.
